NURSING SCHOOL SURVIVAL GUIDE

Keeping in mind that all the following advice is predicated upon having already abandoned all semblance of a personal life, what has worked for me is maintaining a relentless sense of perspective, always having an ATI practice book on hand, and filling out online questionnaires with obvious or/and superfluous quips in an effort to garner attention. May this prove as lavishly extraneous to others as it has been for me. Thank you for your time

A FLEXIBLE ACCELERATED NURSING PROGRAM

IN SALT LAKE (SANDY, UT)

GCU's full-time accelerated Bachelor of Science (ABSN) program can be earned in as few as 16 months¹ and is:

- **Flexible:** No waitlist, three start dates per year and core nursing courses available online.²
- **Practical:** Hands-on skills labs, immersive simulation experiences and clinical rotations.
- **Affordable:** At GCU, we believe that providing accessible education embodies our welcoming Christian worldview, so we work to help all students pursue their call to care.

¹ Secondary applicants must transfer a minimum of 60 of the required 123 credits or have completed a baccalaureate degree, which includes nine prerequisite courses/labs and 10 general education courses prior to starting the core nursing courses, which can be completed in as few as 16 months. Direct entry applicants who do not transfer 60 credits but meet the minimum requirements can complete these credits through GCU prior to starting the core nursing courses. Depending on the state where the student has enrolled or intends to complete the program, the student may require additional courses. This may include, but is not limited to, additional general education courses, courses in the major, clinical courses or a different course sequence. See University Policy Handbook.

² While all courses are completed online, you will need to attend clinical, practicum and immersion hours in person locally.

Grand Canyon University is accredited by the Higher Learning Commission (HLCCommission.org), an institutional accreditation agency recognized by the U.S. Department of Education. Please note, not all GCU programs are available in all states and in all learning modalities. Program availability is contingent on student enrollment. For more information on the accreditation of nursing programs and other university approvals, please visit our University Accreditation and Regulations page at gcu.edu/CONHCPAccreditation. Important policy information is available in the University Policy Handbook at gcu.edu/academics/academic-policies.php. The information printed in this material is accurate as of OCTOBER 2023.
